FOCO MODEL

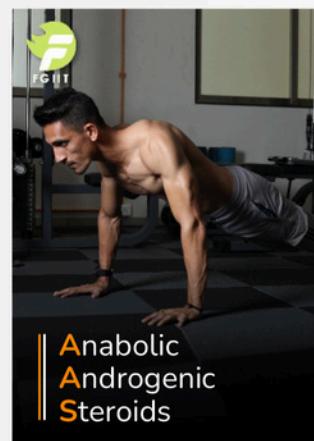

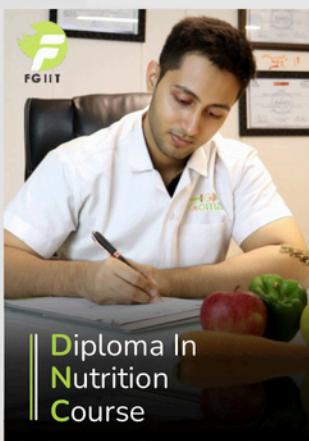

FRANCHISE OWNED COMPANY OPERATED

In the FOCO model, the initial set up cost is born by the franchise. The running cost is borne by the company and in return, franchisee gets a minimum guarantee or percentage of revenue earned. The franchise is the owner of the business, and the company will be responsible in operating it and taking care of all the things necessary to run an outlet, such as Marketing, Advertising, Logistics, Electricity, Staff wages, rent etc. The company will also have to give a fixed percentage of profit shares to the owner of the franchise.

FGIIT Institute stands out as the premier fitness institution in India IN. Completing my Anabolic Androgenic Steroids certification here was an absolute joy. The teaching language is incredibly clear, thanks to Gautam Sir and Chirag Sir. Highly recommended for anyone serious about their fitness journey!
